

SPKM Technologies

Techathon 2019: The Biggest Tech Quiz Marathon at BBSR-Technology Quiz champ exclusively for school students.

Dear Sir/Madam

Greetings!

We are happy to inform you that SPKM Technologies, Education partner of SP Robotics (Maker Lab, BBSR) is going to conduct 'Techathon 2019' - the first ever inter school **Creativity Tech. Quiz Marathon** for children (11 years and above). This contest will be open for all children from Class 6 to Class 12 across Bhubaneswar.

The contest will be done in three rounds between Dec – Mar. The first round will happen in the school itself
_____ from _____ to _____.

(We will be providing the question work sheets to the participants. The students would need to bring their pencils, erasers, sharpeners)

SP Robotic Works has been awarded by Government of India, Ministry of Skill Development and Entrepreneurship as the Best Startup, Mastrepreneur Award by CNBC Awaz, Award for Exemplary application of IT by CII (Confederation of Indian Industries), World Startup Expo, Women Economic Forum and more. SP Robotics Maker Lab is the largest chain of Maker Spaces in India for advanced learning and experimentation. Our in-house Industry experts who have supplied Robotics solutions to several Fortune 500 Companies, have been directly involved in the development of courseware to suit people of all ages with different skills. Industry stalwarts such as Manipal Group, Lakshmi Narayanan (Ex-CEO and President of Cognizant), CK Ranganathan (Chairman of Cavin Kare).

We are in mission of cultivating talent in India at early school age itself- This competition provides unique opportunities in learning about various technology of cutting edge at our Maker Lab, BBSR that develops the creative skills of children to be maker of technology. The selected students will be part of the largest tech community spread across nations, actively sharing ideas and innovating solutions to real-world problems. The community helps you learn fast, and provides you a platform to share your projects and gain recognition for what you have proudly showcased.

SPKM technology, partnered with SPRobotics to bring maker Lab to Bhubaneswar- It's a place to learn practically using Robotic kits and IOT (Internet of Things) kits, Image Processing, Virtual Reality (VR) and more. Though STEM Education has brought in a lot of change in the way we are educated today, we are still stuck with the age-old curriculum. With technology improving at such a rapid pace, we need to gear up and get upskilled with the latest and trending technologies that will be the future. If you are a school student or a college student, it is of more importance to you, since when you are into the real world – all the industries will be looking for people with these skills.

About the Techathon Contest:

Creativity is one of the key skills for children to succeed in the 21st century. The objective of 'Techathon' is to encourage children to show their creative skills. The entire competition will have 3 rounds. There is no participation fee for the contest. The details of the competition are as mentioned below

1. Round 1 which will be conducted within the school premises will be for all the students of Classes 6 to 11 (Class 10th & 12th are not included because of their board exam). But if the school wants that their 10th & 12th students would take part they are most welcome.
2. The top performers of Round 1 will be selected to participate in Round 2 which will be conducted SP Robotics, Maker Lab, centre (BBSR).
3. All participants of Round 1 will be given an offering or showcasing them a completely Free Workshop on Creativity on Robotics and IOT.
4. All the top participants of round 2 will be shortlisted and will be called for the final round.
4. The top 2 students from each class from each school will qualify for the Final Round which will be held at a common venue on/before 14th Mar 2019.
5. The winners will be felicitated on the same day. There will be the following prizes in each class:
 - Champion (Ultimate Tech Champ) – Cash Prize Rs. 3,000 + 10% Scholarship at Makers Lab + Trophy + Gold Certificate
 - First Runners Up (Tech Expert) – Cash Prize Rs 2,000 + 7% Scholarship at Makers Lab + Trophy + Silver Certificate
 - Second Runners Up(Tech Whiz) – Cash Prize Rs 1,000 + 5% Scholarship at Makers Lab + Trophy + Bronze Certificate
 - Best of the best – Trophy + Certificate
 - All other participants will be awarded a medal and a special appreciation certificate.
6. The Schools bearing maximum number winners will be awarded a Trophy.

Terms And Conditions:-

- The contest is organized by SPKM Technology. The contest is only for the students of Bhubaneswar.
- All rights are reserved by SPKM Technology.
- No one will be allowed to take back the question paper outside the examination hall, if he/she is found doing so then SPKM has the rights to disqualify the students even though he/she have scored good marks in the Techathon.
- The authorities have the right to disqualify any of the student if he/she is found doing any malpractice.
- The shortlisted students will be informed by their school as well as to their parents.
- Entries on behalf of another person will not be accepted and joint submissions are not allowed.
- SPKM reserves the right at any time and from time to time to modify or discontinue, temporarily or permanently, this Competition with or without prior notice due to reasons outside its control (including, without limitation, in the case of anticipated, suspected or actual fraud). The decision of SPKM in all matters under its control is final and binding.

We look forward to your support to make this contest a success and request you to inform the parents about this competition & encourage your students to participate.

So gear up for the first time ever in the temple city of ODISHA
